Adverting to Government Proceedings No.J.2475-6/Police.58-15-4 dated the 20th December 1915 sanctioning an expenditure of Rs.25/- per mensem, for two years, for rearing a pair of blood hounds for detective purposes, I have the honor to state that another hound has been added to them, and there are now three hounds in all. The expenditure of Rs.25/- per mensem was sanctioned in the above proceedings for the up-keep of two animals, and it is not sufficient to maintain three.

2. I therefore request that you may be so good as to obtain the sanction of Government for an extra expenditure of Rs.10/- per mensem for maintaining the additional dog which will be met from the contingencies of the Office of the Superintendent of Police, Kolar Gold Fields circle during the current year, and necessary provision may be made in the next year's budget.

3. These 3 blood hounds are reported to be thriving and promise to become very useful for Police work.

SUBJECT - BLOODHOUNDS.

With reference to your No.5021/196 dated the 29th April/2nd May 1917, I have the honor to submit the following report on the bloodhounds under my charge.

2. On the 5th July 1915 two dogs named "Barrister" and "Vampire" were sent to me. Their ages were reported to be about 3 years, they were extremely timid and quite untrained. That they were as much as three years old was not in favor of their being trained as well as younger dogs. It took some time for them to settle down and become accustomed to their new keeper. When they had settled down they were put into gentle training commencing with aniseed and other trails and the trials were gradually made more difficult. The dog "Vampire" sickened and died on the 29th September 1915 and a post mortem held by Mr. Meaton, a qualified Vetenary officer, revealed the cause of death to be pleuro-pneumonia.

3. On the 4th November another dog named "Pedlar" of the same age and also untrained, was sent to replace "Vampire" and the two dogs were kept in regular daily training. "Barrister" did very well in his trials but "Pedlar" would not work on the leash and so two fresh dogs "Bachelor" and "Vanity" of the same age and untrained, were sent here on the 23rd December 1916 and "Pedlar" returned on the 24th idem.

4. The only dog so far, who had done well, and was fit for actual working in cases, was "Barrister" but, unfortunately, he fell ill on the 14th January 1917 from bloodpoisoning and is still on the sick list though recovering.

5. Further misfortune overtook the kennel on the 8th April 1917 the dog "Bachelor" who was shaping very well, having to be shot as he went mad.

6. During the time I have had the dogs under my charge I have conducted hundreds of experiments and am convinced good results can be obtained. The greatest drawback to contend with is their timidity

as the smallest thing is enough to distract them when following a trail. The dog "Barrister" has followed a trail for over three miles, though it was four hours old and consisted of a strange man walking across country and then through inhabited places, without a mistake.

7. With the end in view of training the dogs from the time they are eight months old I have in the kennel six three quarter bred puppies a month old and the bitch "Vanity" is now in pup and I hope a further trial of a year will be given to see if decisive results cannot be obtained. For myself I feel sure they will.

8. The two kennels, converted from horse stalls, in which the dogs are housed are all that can be desired.

Sir,

With reference to your office docket No.J.4851/Police.153-16-4 dated the 23rd June 1917, calling for certain information re additional expenditure for the maintenance of blood hounds, under training in Kolar Gold Fields I have the honor to state that an expenditure of Rs.25/- per mensem was sanctioned in Government order No.J.2475-6/Police 58-15-4 dated 20th December 1915 for the maintenance of two blood hounds. In December 1916, one of the two hounds having been returned as unsuitable for training, two others were sent in its place, making in all three and a reference was thereupon made for sanction of an additional expenditure of Rs.10/- per mensem (Vide this office letter No. 4450/423 dated the 30th March 1917 to Government), though one of these three hounds was shot in April 1917, there are now in its place two pups over 4 months old to be fed and maintained and the extra amount of Rs.10/- per mensem asked for, is reported to be required for their up keep and the Superintendent of the Kolar Gold Fields has asked that the expenditure may be sanctioned, with retrospective effect
